

News from the Big Room Flock

April 14, 2022

The apple crisp was a big success at The Cafe this week. They did a fantastic job of doubling the recipe, making the grocery list, and looking for the best deal at the store. The Cafe brought in 75 dollars in sales and spent 30 at the store, making a solid profit of \$45. We also wrote a business letter in response to a customer's question. This has been an excellent learning opportunity.

We are planning a trip to Providence farm on April 22 for Earth Day. We will get a tour of the farm and see the babies. We will also have a snack from their excellent Cafe. No money will be needed for the adventure. We will leave a bit before ten and arrive back in time for lunch.

We will also be making crock-pot macaroni and cheese on April 26. Each family will need to bring in a crock-pot; all other supplies have been purchased from The Cafe money. The recipe says that it feeds 4-5, so you can plan the rest of your meal around this information.

I pray you and your family have a wonderful Easter. We will see you on April 19. (There is no school on Monday)

Mrs. Bekkering

Important Dates:

April 15- No School, Good Friday

April 18-No School, Easter Monday
