

News from the Big Room Flock

September 24, 2021

This month is moving quickly to a close. We had our first library experience last week. This was so much fun, and I believe the kiddos picked out some great books. We also had our trip to Mrs. B's house for baking and opened our Cafe for the first time. These ventures were great experiences, and we learned a lot about following directions and measuring accurately. Our Cafe had a first-day profit of \$ 24. We are excited about next month and are already planning new menu items. It was a little stressful, but the more comfortable they get with counting back change, the easier it will get.

Next week will be the final opportunity to complete all monthly work, due on September 30 by 2:45 PM. There are no exceptions to due dates for monthly work. New work will be handed out on October 1. The kiddos have done very well with their first two spelling and vocabulary tests.

We were also able to finish all of our fall Aimsweb testings this week. It is amazing what these three ladies can accomplish in a day!

Dates to remember: Dates in Red are new posted activities

October 7- Library day

October 11- Picture day

October 20-half day Teacher go to CEA conference in Grand Rapids

October 21-22 No School teachers are at the conference
